ICSI President Shri CS. R. Sreedaran's Address

Venue : RR Academy

Date : 05-10-2014

ICSI President Shri CS. R. Sreedaran address to Students

It was a momentous evening for the students being groomed for Company Secretaryship Course at **RR Academy**, Chennai. They were being addressed for the first time by the Hon'ble President of Institute of Company Secretaries of India Shri **CS. R. Sreedaran**, in the academy.

Shri **CS. R. Sreedaran** has been successfully steering the Institute & its members at a critical juncture of Compliance under the new Companies Act, 2013 undergoing a paradigm shift. He was more than generous by kindly consenting to address the students of RR Academy regarding "The scope of Company Secretaries under the Companies Act, 2013 & the future scope of Company Secretaries". As expected, the students of all levels being Foundation, Executive & Professional gathered in large numbers to hear their President. The President started to astonish the students right from the very beginning by quoting that there are

13,00,000 registered companies in India out of which 9,20,000 are active. He also mentioned that there are 7,40,000 private companies and more than one lakh companies have more than 300 Crores paid up capital. With single mention of figures that there are only 6600 Practicing Company Secretaries to aid the Compliance of over 9 lakh companies, he sealed the scope of CS in the students' mind. He also mentioned that more than 60,000 companies have become eligible for Secretarial Audit. He then reiterated the Institute's commitment in bringing back the mandatory appointment of Company Secretary for companies with paid up capital of 5 crores & more by notification of Rule 8A. He then elaborated on duties & functions of CS under Sec 203 & 205 of the Companies Act, 2013. He added that he is looking forward to extend the scope of Indian CS to Malaysia. Also he touched upon various aspects such as Women Directors' appointment, Annual return Certification for over 2 lakh companies. His careful insight into the Act & the scope of CS was revealed when he mentioned that the phrase "As may be prescribed" has been used for over 400 times in the New Act, which means that students can await further scope coming their way. Adding to the final touch, he said that CS should not only be concerned with the Companies Act but must extend their services to various disciplines such as Service Tax, VAT, Internal Audit, Liquidator, Arbitrator etc., The Students were gleaming with enlighten-ment & full confidence about their future when the President speech came to an end with a roaring applause and it was only befitting that his speech was compared to that of our Prime Minister's speech at Madison Square by Mr.K.N.Ramasamy, Director, RR Academy (P) Limited, Nungambakkam, Chennai.
